ABOUT CROWNE

Founded in 1986 and based in Ocoee, Fla., Crowne Consulting Group, Inc. is an onsite health center and human resource/risk management consulting firm collaborating with carefully chosen experts to operate health and wellness centers for private employers, government agencies, and school districts.

The Crowne Group, Inc. is an independent, full service, employee benefit consulting, healthcare solutions, and personal lines insurance firm. Crowne's experts have a cumulative 100 years of experience in serving private companies and public sector employers such as school districts as well as city and county government.

MISSION & VISION

The firm's mission is to bring innovative solutions that meet the fiscal responsibility of employers and maximizes investments. Solutions for consumer-driven plans include health reimbursement arrangements, self-funded plans, onsite health and wellness centers, in addition to risk management and human resources consulting.

Consulting Services: analyzing human resources, risk management, audit services, and providing employers with the insight to make the best possible decision.

Health & Wellness Centers: working with our chosen experts to implement onsite employee health centers helping employers to decrease costs, increase productivity, and improve care.

Employee Benefits: offering a full range of employee benefit programs and administration services for fully-funded, self-funded, group insurance, stop loss, and limited medical.

Personal Insurance: representing some of the nation's most prestigious insurance carriers and striving to give various options to make the process of buying personal insurance simple.

Crowne Consulting Group

Employee Health & Wellness Centers

Business journals, magazines, and newspapers are writing about how Crowne Consulting Group, Inc. is helping a rapidly increasing number of private employers, government agencies, and municipalities launch employee health centers.

Crowne's experts have collaborated with Tennessee-based CareHere, LLC to operate worksite clinics throughout Florida. As co-administrators of more than 20 CareHere clinics throughout Florida, Crowne has helped CareHere surpass a milestone of 100 employee health centers nationwide.

MITIGATING RISKS TO REDUCE COSTS

Chronic disease is helping health cost trends to skyrocket at a national rate of 10 percent annually. Failure to conduct health screenings or delaying to seek help for minor health problems could escalate to serious conditions resulting in big-ticket claims impacting group health programs.

Early detection, prompt treatment, and consistent follow-ups prove to be key components of the model Crowne focuses on for mitigating risks. ***“Onsite care helps employers cut costs while increasing employee benefits, which improves employee retention and maximizes recruiting advantages,”*** said Ray Tomlinson, president of the Crowne Consulting Group.

ADAPTING TO THE CONSUMER-DRIVEN ERA

Employee health centers offer on-demand medical service for employees, their dependents, and the retiree population for no out-of-pocket costs. Employees simply call a toll-free number or go on-line to schedule an appointment. They're typically in front of a doctor by the end of the day.

Primary Care, Occupational Services, Pharmacy, Disease Management, and Wellness Programs

- ✓ Acute care (colds/flu/infections) and urgent care
- ✓ Chronic care (treating hypertension/diabetes)
- ✓ Labs performed onsite - NO trip to a separate facility
